TRUFO CREATED ASSERTION ACKNOWLEDGEMENT

Version 0.2.0 Document ID: TF-CAA-0.2.0

Customer guarantees the correctness of client-supplied created assertions—including representations communicated to Trufo for use in these assertions on how content was created or otherwise modified by software or hardware operated by Customer—and is responsible for any and all losses, damages, liabilities, costs, and expenses incurred by Trufo arising from incorrect or misleading assertions or representations, pursuant to the Trufo TCA Subscriber Agreement and the Trufo Master Services Agreement.

Trufo may update this Created Assertion Acknowledgement by publishing the updated version on Trufo's website, and will notify Customer of material updates by email or by a notice on Trufo's website, at least thirty (30) days in advance for any update that materially and adversely affects Customer, unless the law requires otherwise. Updates do not apply retroactively.
